To the National Project Leaders and Presidents

Thank you for joining the OMEP World Project on ESD: There are around 20 countries that have signed up for the project so far. Great!

We hope your work has started well and that you have all the information on the project you need. If not, please, visit the OMEP World homepage to find the documents in the project: www.omep.org.gu.se. Make sure you have the Interview Guide and that it is distributed to all persons involved in doing the interviews. It is important for all to follow the same interview guide in order to get results that can be collected, compared and analysed.

Primarily, we will communicate with you through e-mail. Later this autumn we will write about transcription of the interviews. In January 2010, we will also address you on how we want you to organise the report from your country.

If you have any questions, please contact us – the world project leaders - and Good luck!
