RS OMEP KOŠICE
Activity report for 2021

Due to anti-epidemiological measures, many planned activities did not take place.

Activities aimed at improving educational activities and management work in kindergartens

RS OMEP Košice members participated in online seminars in order to gain information and exchange experiences in the field of pre-primary education.

Members of RS OMEP Košice participated in the preparation and participated in a scientific-professional seminar in Slovakia:

• 9. - 10. 9. 2021 nationwide scientific-professional seminar Forest pedagogy in the conditions of kindergarten in Betliar

Members of RS OMEP participated in commenting on the prepared documents and legislative changes in the field of pre-primary education.

Activities with children and for preschoolers

• 5/28/2021 - World Games Day - participation in celebrations and the call, - members of the RS OMEP committee participated in the creation of the game store

Kindergarten Day activities in Slovakia

• exhibition of children's works and statements of children in kindergarten

• activities organized at the level of kindergartens

• recommended activities of SV OMEP

Meetings of the RS OMEP Committee were held during the year, but the membership meeting was not held due to anti-epidemiological measures.

PaedDr. Marianna Jamborová, Ph.D.

President of RS OMEP Košice
