There ar 47 fee-paying members.

Regional section OMEP was actively involved in:

-preparing educational programmes for schools

-continuous education of teachers and management.

List of activities that helped to increase the quality of education in preschool

During meeting in March , regional section comitee was elected.

There was also a seminar presented by Mgr. Jadranka Földesova "How to create educational programme for schools" / in preschool Eotvosa 64, Komarno/

Mgr. Földesova was the lecturer and 37 members and non-members were present. It was confirmed that holding a meeting along with other programme is a good way how to attract both members and non.members. It is furter our interest to broaden our member base.

The regional section comitee held a meeting on March 27 in Hurbanovo preschool and presented the action plan for the next year.

On april 7 10 members were invited by RS OMEP Nove Zamky to an open doors event called "Easter with Mici macko in hundredyard forest" in Sturovo.

On May 27 RS OMEP in Nove Zamky held a methodological presentation of play and educative activities called "Let's play" where 15 of our members were present.

On June 24 a presentation of work with children and lecture by PaedDr. Dana Kollarova was held under title "Experience teaching with creative drama" where 32 members of RS OMEP Komarno and Nove Zamky were present.

On October 29 a creative class with traditional and new art techniques was held under guidance of Bc. Judita Ortutova where 39 members and non-members were present.

Since the teacher who was supposed to hold the class "Situational decision making in direct contact with children" has left our service this class was cancelled.

Activities to increase the quality of managerial work further learning.

Participating on a conference called "Pre.primary education in today's reform environment" held on June 19-20 in Dudince we gathered new information on education of preschool teachers, state and level of nurture-educational activity and learning of children, educational programmes in preschools in changing times, outcomes of research on children's competences and we discussed the creating of school education programmes.

On November 4 on expert conference in Banska Bystrica called "From children custody to preschool" 5 regional section members were present.

The regional section committee met on October 26 in Hurbanovo and evaluated the activities of last year.

Increasing the quality of education in preschools and education teachers remains a priority along with interest in working in the regional section,

In Hurbanovo, November 12.2009
